### MISCELLANY.

#### SENATE.

Hainlin, from the Select Committee on Nicaragua Claims reported with an amendment the Senate Bill authorizing the President to make arrangements to carry any convention between the United States and Nicaragua for the adjustment of claims; placed on the calendar.

Blaine submitted a resolution asking the President for the correspondence with Great Britain, respecting the Fortunate Bay outrage. Adopted.

Davis and Ingalls presented the majority and minority reports of the select Committee on Treasury awards.

Butler, from the Committee on Territories reported favorably on the House bill for the apportionment of members of the Legislatures in Montana, Idaho and Wyoming. Placed on the calendar.

#### HOUSE.

Bills were introduced by Rice. The foreign committee reported on the resolutions of Maine and Massachusetts legislatures regarding the fisheries. The resolution with accompanying report sets forth that the American fishermen are by hostile legislation and unlawful violence of the inhabitants of British Provinces deprived of the privileges conceded to the United States by the treaty with Great Britain; that unlawful violence was unrestrained by Great Britain and requests that the President take measures to secure indemnity for damages sustained at the hands of inhabitants of New Foundland and protection from future violence and to procure an early abrogation of the Treaty of Washington. The House then went into committee of the whole on the bill of internal revenue laws.

The select House Committee investigating the election case of Donnelly and Washburne met this morning. Donnelly said he only wanted to vindicate himself and not to accuse Springer. Finley made a similar statement. The committee will decide on its action to-morrow.

Madrid, April 27.—An official declaration of the pregnancy of the queen was celebrated yesterday by the granting of amnesty for all press offenses. It was numerously attended. A levee in the Palace and a general parade of troops took place. Eighty thousand persons were in the streets. The King and Queen with a magnificent retinue, went to the Cathedral and attended the deum.

Clinton, Maine April 28.—Huntton & Co.'s Croquet factory was burned to-day; Loss \$50,000; Insured at \$4,000.

Macon, Miss April 28.—Three more interments to-day from the cyclone. One white and two colored. Three others injured and cannot possibly live.

Washington, D. C., April 28.—The exports exceed the imports for the month ending March 31st by \$194,000,000. The preceding year the exports numbered \$284,000,000.

Cleveland, Ohio, April 28.—Word is just received by cable that, in the competitive test in London of the electric light the palm was awarded to the patent of Bell, of this city and the British Government has given orders to the Cleveland Telegraph Supply Company for \$80,000 worth of apparatus.

Kansas City, April 28.—Copious rains have been falling in the regions threatened with drought and an average wheat crop is now assured.

## FOUND GUILTY.

Chicago, Ill., April 28.—John McArthur, the former post master of Chicago, was found guilty of embezzlement as postmaster, in the United States Court this morning on four counts and not guilty on the other counts. The amount embezzled was fixed at \$50,000. The penalty was made double the amount of the embezzlement and from one to ten years in the county jail. He was given until June 1st to prepare for the sentence.

## WHITTAKER.

West Point, April 28.—Cadet Turner who was appointed by Mr. Townsend said he never spoke to Whittaker because he did not care to associate with him. It is understood among Cadets, that they are not to associate with him except when duty requires.

Townsend appointed him upon his merits and not as a favor. He passed the competitive examination and I am not responsible for him. Being further questioned the witness said he would affect his popularity if he associated with Whittaker; such, he said, is the general feeling of the corps.

He had heard Cadets say so. Recorder Sears placed himself on the witness stand and testified that Whittaker was one of the most attentive and industrious students in his class; he was not deficient in want of application or in study, but the witness thought he was deficient in mental ability to grasp some of the more abstruse portions of the subject. His social ostracism of which the Recorder said he knew nothing personally deprived him of the interchange of ideas with his fellow pupils, which was enjoyed by the White Cadets. This was in some degree made up by the Recorder's assiduity in explaining knotty points as he had stood as much as half an hour with him at the blackboard.

Whittakers average standing from the 30th of January up to last Saturday was twenty-seven and sixteen hundredths. The Recorder considered Whittaker's present position doubtful with chances in favor of his picking up in general review and getting through he had studied well and showed a fair grasp of subjects. In reply to Townsend the recorder said twenty-seven and sixteen hundredths was a trifle over 66 per cent or two-thirds of the maximum. The trifle was figured out and found to amount to six per cent making Whittaker's standing 72 or nearly three fourths or maximum. Do you consider 72 per cent bad standing? Asked Townsend. The Recorder did not particularly.

Colonel Peter S. Michie, professor of natural and expert mental philosophy gave some interesting testimony, while Whittaker was in his class his tendency was downward and in January last by recommendation of witness, Whittaker was declared deficient, but Gen. Schofield recommended to the Secretary of War, that he be given another chance and he was sent back to the third class and at the same time another Cadet, who had been declared deficient but who stood higher than Whittaker was discharged.

Gen. Schofield testified that in '79 Whittaker had been deficient in his studies but at his request and upon Whittaker's promise of improvement he was retained. Whittaker was protected in every way from attack. Recorder Star testified that two days before the outrage was committed Whittaker made 11 1/2 in Natural Philosophy out of a possible 15.

Washington, April 28.—House committee on public buildings reported Pages bill appropriating one hundred thousand dollars for a new Government building at Sacramento and it was placed on the calendar. There are indications that some magnificent log rolling will be witnessed when the Sundry appropriation bill comes before the house as the friends of the various bills providing for the new public buildings throughout the country may be expected to place them upon regular bill as amended.

All three of the Baltimore newspapers to-day concede that the result of the Republican primary elections in Maryland yesterday was a clean sweep of that State for Blaine. A private letter received here from Wm. E. Chandler, dated Concord N. H. yesterday evening says: Grant is whipping clean out of sight in this state.

An impression is gaining ground to-day, that the president has made up his mind to veto the marshalls decreey bill on the strength of objections made by Edmunds and other prominent Republicans to the rider concerning the method of appointing deputy marshalls of elections. The rumor cannot as yet be traced to any utterances of the President or of the cabinet advisers and may be erroneous but it excites much comment in view of the certainty that a veto of this bill would inevitably prolong the session at least a fortnight.

It is reported on good authority that Postmaster General Key will shortly be appointed to the life position of District Judge for Eastern Tennessee, Vice Trigg deceased.

## COLUMBUS CONVENTION.

Columbus, Ohio April 28.—The Republican State Convention met at 11 o'clock this morning. A. L. Conger in the chair urged that no mistakes be made and none be nominated, that the whole State cannot support.

Congressman McKinley was chosen chairman. Reference to Sherman, Blaine and Grant were greeted with applause mingled in later with a half dozen hisses, which were quickly drowned.

The following State ticket was nominated: For Secretary of State, Chas. Townsend; Judge of the supreme court, Geo. Mellvill; clerk of the supreme court, Deright Cranch; Member of the board of Public Works, S. W. Hosmer; School Commissioner, A. P. De Wolf.

Delegates were then appointed to Chicago from the several Districts with alternates. Recess till this evening.

The convention reassembled at 2 p. m., Benj. Butterworth was chosen permanent chairman. All delegations reported full and no contests, except in Licking county, where the committee reported to seat Sherman instead of Blaine delegation. Agreed to.

The platform was just adopted. It instructs the delegates at large and requests the district delegates to vote for Sherman at Chicago and use all honorable means to secure his nomination. Cheers greeted the resolutions and a demand for dismission was taken.

Columbus, O., April 28.—As near as can be learned, 8 out of the 40 district delegates chosen to-day to attend the Chicago convention are for Blaine but in one district, (17th) resolution was adopted declaring Sherman to be the choice, Sherman's friends to-night claim the delegation will be solid for Sherman at Chicago.

London, April 28.—The late cabinet went to Windsor to meet the new ministers at noon to-day.

Indianapolis, Ind. April 28.—The seventh annual convention of the national butter and eggs and cheese association met to-day. 2000 members present.

Columbia, S. C., April 28.—The republican State Convention met at noon. No reporters were admitted. E. W. M. Mackey, white, chairman, and took a recess. It is not known whether the manner of organization has any bearing on the Chicago delegation.

RANDALL WANTS IT BACK.

Harrisburg, April 28.—The Democratic State Convention met to-day, all hopes of a compromise is at an end, matters were lively. Randall People seemed to control the entrances to the hall and a division even, of members and Telegraph boys was difficult. Speaker Randall was present and was loudly cheered. Senator Wallace was a delegate.

FOREIGN MISSIONS.

Cincinnati, O. April 28.—The Deceased meeting of the Presbyterian women's Board of foreign missions, several hundred delegates from all parts of the country, met this morning.

AN OLD BEAR.

New York, April 28.—The Post says: A leading speculator, who has twenty reasons for being bull, who has one for being bear but who has kept on the bear side so as to buy coal stocks of which he was short and to add stock to his long account is said to have been a heavy buyer of all classes to-day.

THANKS.

Washington, April 28.—Honorable H. V. Hensler of Wisconsin, has received, through Baron Von Schlessler, German ambassador, a letter from the Irish commissioners at Berlin, thanking him for his instrumentality in causing the United States to participate in the exhibition.

DEMOCRATS IN COLORADO.

Del Norte, Col., April 28.—The Rio Grande County Democratic Convention was held here to-day. Adair Wilson, Wm. McGuire, R. B. Gray and A. F. Middaugh were elected delegates to the State Convention. Resolutions were passed condemning the seating of Hayes, eulogizing Tilden and expressing the belief that the country will right the wrong done in 1876-7, and asserting that the Democracy will not brook the Tammany Hall doctrine. Separate resolutions were passed condemning the administration of Indian affairs and promising a hearty support to Judge Field, of California, if he should be nominated.
